## **Attorney**

As one of a handful of fluent Spanish-speaking attorneys in South Dakota, Cesar advises business and governmental entities in cases where the accuracy and content of Spanish communications are important. Governmental entities have previously retained Cesar to help create forms and written policies for persons primarily fluent in only Spanish. Businesses and corporations throughout the Midwest hire Cesar to communicate with and manage international attorneys when they require representation outside of the United States in Spanish-speaking countries. In addition to his extensive work with Spanish-speaking individuals, Cesar anticipates and prevents our clients' legal issues in the employment law and commercial law arenas by advising businesses and corporations preemptively and strategically to ensure compliance with all local, state, and federal laws and regulations, as well as international laws and regulations for the importation and exportation of goods to, and from, other countries. Cesar also works with business and corporations in high stakes, complex litigation cases. *LICENSED IN South Dakota and Nebraska.*
